

Our Mission – to promote safe bicycling in Nevada
Our Strategy – Formed in 2007, the Nevada Bicycle Coalition is the only *statewide* organization dedicated to improving conditions for bicycling in Nevada. NVBC advocates for improved bicycling facilities, improved laws and law enforcement for bicyclists and for public education to improve conditions for Sharing the Road safely. We see our efforts as aligned with supporting improved conditions for all non-motorized transportation. The NVBC has established strong working relationships with the Nevada Departments of Transportation and Public Safety, legislators, local transportation agencies, and local law enforcement.

Projects

- Currently working to assure that federal transportation legislation – MAP-21 - is implemented in Nevada in such a way that bicycling and pedestrian improvements are fairly and adequately funded then constructed in a timely way.
- Worked with others to draft and pass a Vulnerable Users Law for Nevada in 2011 legislative session.
- Instrumental in creating a Share the Road, Share the Responsibility media campaign to stress the roles that motorists and bicyclists play in sharing the road safely.

Join the Coalition

The power and influence of any advocacy organization is determined by the number of active members who support the work of the organization. Let your voice be heard.

Join Us....

Membership Categories:

- \$20 – Individual membership
- \$25 – Family membership
- \$35 – Non-profit / Club
- \$75 – Corporate/Business/Government Agency membership
- \$100 – Sponsoring membership
- \$500 – Sustaining membership

New or Renewal Member:

Name: _____
Address: _____
City: _____ State: _____ Zip: _____
Tel. No: _____
E-mail: _____
 Please do not share my name with other organizations

- Done

- Engaged Washoe County law enforcement to stop unfair treatment
- 2007 Same Road, Same Responsibility billboard campaign
- Changed NV law to allow bicyclists to safely signal turn
- Changed NV law to allow right handed right turn signal
- Passed 3 foot passing requirement
- Passed Vulnerable Highway User Law

- To Do

- Qualify Nevada to earn a Bike Friendly State designation
- Monitor, advise, encourage MAP-21 spending for bicycle projects
- Modify Nevada law for recommendations in State Bicycle Plan
- Pass Nevada version of Idaho Stop Sign Law
- Repeal local Mandatory Side Path Laws
- Make Nevada Bicycle Coalition a strong voice for Nevada bicyclists
